

USMAN AHMED

#iwill

*Usman Ahmed, 18 years old
From: Luton, England*

CHARACTER VIRTUES

I'VE DEVELOPED THROUGH PARTICIPATION IN SOCIAL ACTION

Community Awareness | Empathy | Citizenship |
Cooperation | Leadership

*#iwill ... continue my work
with the Police Cadets and Tokko
Youth Space, as well as at school.*

During school, I did many voluntary roles including Chairman of the School Council; Teaching Partner; School Ambassador; part of the Barclays Life Skills Program; Parents Evening Ambassador and Prefect (Head).

I did NCS in 2015, and then in the summer holidays of 2016, I volunteered to help out with an NCS project, helping young people come up with ideas for their social action project. This peaked my interest to apply for Team Leader.

I am now a Volunteer Police Cadet, which I joined after wanting to learn more about the role of officer. The program has opened many doors and I now have many contacts to help with Social Action. I am now Head Cadet

and I am in charge of the Luton Section looking after 16+ cadets twice a week.

I joined Tokko Youth Space after I was given the opportunity to run a project that spreads awareness about Hate Crime, for which I successfully secured funding of £5000. The Programme works with Bedfordshire Police, and the Near Neighbour's Charity.

Now, at college, I help run the college website, teach maths to Students, mentor new pupils, run the tuck shop and fundraise for a Charity Work Trip to Cambodia, and support younger students on the SALSA Program (Students as Learning Support Assistants).

"Social action has given me the opportunity to meet more people in my local community, and learn about the role of a police officer."

Organisations I've Participated With:

School, NCS, Volunteer Police Cadets, Tokko Youth Space, Near Neighbours Charity, Barclays Life Skills
